FUNDRAISING AND AWARENESS EVENTS

Many of our generous supporters have made a difference by organizing awareness events in their community.

These events allow individuals to raise funds in honor or in memory of their loved ones, while raising awareness about the importance of organ, eye and tissue donation and transplantation.

Here are just a few examples of popular fundraising and awareness events:

Birthday and Anniversary Celebrations

Collect contributions in lieu of gifts – now that's a gift that really makes a difference!

NOTE: We do not recommend using the Facebook fundraising platform! Funds raised through this platform are not able to be tracked to give credit to your team. We do recommend using social media to promote your events.

“Dine Out to Donate” Events

Organize a dining event at a local restaurant that will contribute a percentage of the evening's revenue. Choose someplace local so friends and family can easily get there.

Concerts and Shows

Host a concert or comedy show. Sell tickets, show up and have fun!

Auctions and Tricky Trays

Host an auction or tricky tray event. Tricky trays can be a standalone event, or they can be part of something larger. Either way, they are a great fundraiser!

Classes for Charity

Get your friends, family and colleagues together for a yoga, kickboxing, karate, art or paint and sip class. The possibilities are endless!

Sporting Events

Host a golf outing, bowling, dodgeball or hockey game. This is also a great opportunity to host an auction or tricky tray.

Merchandise Sales Events

Organize a jewelry, Pampered Chef, pocketbook party, Yankee Candle sale, 5K team apparel sale or a bake sale and contribute the proceeds. Shop your way to success.

Dress Down Day

Hold a Dress Down Day at your office or school and allow participants to wear casual attire for the day by making a contribution.

We are here to help you!

We will assist when possible by providing materials, volunteer speakers and answering any question you may have.
